(*e*) if he was on foreign service on the 31st March of the preceding year, by the amount credited by him into the treasury on account of subscription for the month of April in the current year.

(4) The amount of subscription so fixed shall remain unchanged throughout the year:

Provided that if a subscriber is on duty for a part of a month and on leave for the remainder of that month and if he has elected not to subscribe during leave, the amount of the subscription payable shall be proportionate to the number of days spent on duty in the month.

12. When a subscriber is transferred to foreign service or sent on deputation out of India, he shall remain subject to the rules of the Fund in the same manner as if he were not so transferred or sent on deputation.

Realisation of subscriptions.

13. (1) When emoluments are drawn from a Government treasury in India or from the Home or a Colonial treasury, recovery of subscriptions on account of these emoluments and of the principal and interest of advances shall be made from the emoluments themselves: except, that, when emoluments other than sterling overseas pay are so drawn in India, deductions in respect of sterling overseas pay, when admissible, shall be made in India.

(2) When emoluments are drawn from any other source the subscriber shall forward his dues monthly to the Account Officer.

Interest.

14. (1) Subject to the provisions of sub-rule (5) below, Government shall pay to the credit of the account of a subscriber interest at such rate as may be determined for each year according to the method of calculation prescribed from time to time by the Government of India.

Provided that, if the rate of interest determined for a year is less than 4 per cent., all existing subscribers to the Fund in the year preceding that for which the rate has for the first time been fixed at less than 4 per cent. shall be allowed interest at 4 per cent.

(2) Interest shall be credited with effect from the last day in each year in the following manner:—

(*i*) on the amount at the credit of a subscriber on the last day of the preceding year, less any sums withdrawn during the current year—interest for twelve months;

(*ii*) on sums withdrawn during the current year—interest from the beginning of the current year up to the last day of the month preceding the month of withdrawal;

(*iii*) on all sums credited to the subscriber's account after the last day of the preceding year—interest from the date of deposit up to the end of the current year;

(*iv*) the total amount of interest shall be rounded to the nearest whole rupee (eight annas counting as the next higher rupee);

Provided that when the amount standing at the credit of a subscriber has become payable, interest shall thereupon be credited under this sub-rule in respect only of the period from the beginning of the current year or from the date of deposit, as the case may be, up to the date on which the amount standing at the credit of the subscriber became payable.

(3) In this rule, the date of deposit shall, in the case of a recovery from emoluments, be deemed to be the first day of the month in which it is recovered; and in the case of an amount forwarded by the subscriber, shall be deemed to be the first day of the month of receipt, if it is received by the Account Officer before the fifth day of that month, but if it is received on or after the fifth day of that month, the first day of the next succeeding month.

(4) In addition to any amount to be paid under rules 29, 30 or 31, interest thereon up to the end of the month preceding that in which the payment is made, or up to the end of the sixth month after the month in which such amount became payable, whichever of these periods be less, shall be payable to the person to whom such amount is to be paid;

Provided that where the Account Officer has intimated to that person (or his agent) a date on which he is prepared to make payment in cash, or has posted a cheque in payment to that person, interest shall be payable only up to the end of the month preceding the date so intimated, or the date of posting the cheque, as the case may be.

(5) Interest shall not be credited to the account of a Muhammadan subscriber if he informs the Account Officer that he does not wish to receive it; but if he subsequently asks for interest, it shall be credited with effect from the first day of the year in which he asks for it.

(6) The interest on amounts which under sub-rule (5) of rule 16, sub-rule (3) of rule 19, sub-rule (4) of rule 21, sub-rule (1) of rule 23, sub-rule (1) or (2) of rule 24, rule 29 or rule 30 are replaced at the credit of the subscriber in the Fund, shall be calculated at such rates as may be successively prescribed under sub-rule (1) of this rule and so far as may be in the manner described in this rule.

Advances from the Fund.

15. (1) A temporary advance may be granted to a subscriber from the amount standing to his credit in the Fund at the discretion of the authority specified in sub-rule (3), subject to the following conditions:—

(*a*) the subscriber must satisfy that authority of the necessity* for the advance;

(*b*) that authority shall record in writing its reason for granting the advance;

(*c*) an advance shall not except for special reasons to be recorded in writing by that authority—

(*i*) exceed three months' pay, or

(*ii*) be granted until at least twelve months after the final repayment of all previous advances together with interest thereon:

Provided that if the reason is of a confidential nature, it may be communicated to the Account Officer personally and/or confidentially.

(2) In fixing the amount of an advance the sanctioning authority shall pay due regard to the amount at the credit of the subscriber in the Fund.

(3) The authority competent to grant an advance shall be one of those specified in Appendix B to these Rules which may be varied or added to from time to by order of the Governor-General in Council.

16. (1) An advance shall be recovered from the subscriber in such number of equal monthly instalments as the sanctioning authority may direct; but such number shall not be less than twelve unless the subscriber so elects, or in any case more than twenty-four. A subscriber may, at his option, repay more than one instalment in a month. Each instalment shall be a number of whole rupees, the amount of the advance being raised or reduced, if necessary, to admit of the fixation of such instalments.

(2) Recovery shall be made in the manner prescribed in rule 13 for the realisation of subscriptions, and shall commence on the first occasion after the advance is made on which the subscriber draws pay, or remuneration on foreign service, for a full month. Recovery shall not be made, except with the subscriber's consent, while he is on leave or in receipt of subsistence grant and may be postponed, on the subscriber's written request, by the sanctioning authority during the recovery of an advance of pay granted to the subscriber.

Note.—The expression "advance of pay" includes any ordinary advance of pay granted under the relevant rules such as Article 159 (*a*), (*b*) and (*h*) of the Civil Account Code, Volume I, but does not include advances for the building or repair of a house, for the purchase of a conveyance or for the payment of passages overseas which are of a different nature.

(3) If more than one advance has been made to a subscriber, each advance shall be treated separately for the purpose of recovery.

(4) (*a*) After the principal of the advance has been fully repaid, interest shall be paid thereon at the rate of one-fifth per cent. of the principal for each month or broken portion

*See Appendix A.

Provided that Muhammadan subscribers whose deposits in the Fund carry no interest shall not be required to pay into the Fund any additional instalments on account of interest on advances granted to them from the Fund.

(*b*) Interest shall ordinarily be recovered in one instalment in the month after complete repayment of the principal; but, if the period referred to in clause (*a*) exceeds twenty months, interest may, if the subscriber so desires, be recovered in two equal monthly instalments. The method of recovery shall be that prescribed in sub-rule (2). Payments shall be rounded to the nearest rupee in the manner prescribed in clause (iv) of sub-rule (2) of rule 14.

(5) If an advance has been granted to a subscriber and drawn by him and the advance is subsequently disallowed before repayment is completed, the whole or balance of the amount withdrawn, shall, with interest at the rate provided in rule 14, forthwith be repaid by the subscriber to the Fund, or in default, be ordered by the Account Officer to be recovered by deduction from the emoluments of the subscriber by instalments or otherwise, as may be directed by one of the authorities competent to grant an advance under sub-rule (3) of rule 15.

Provided that Muhammadan subscribers whose deposits in the Fund carry no interest shall not be required to pay any interest.

(6) Recoveries made under this rule shall be credited as they are made to the subscriber's account in the Fund.

APPENDIX A.

Executive Instructions.

The following are deemed to be good and sufficient reasons for the grant of advances, provided the sanctioning authority is satisfied that the applicant's pecuniary circumstances justify an advance, and that the amount advanced will be expended on the object for which it is given:—

(*a*) to pay expenses incurred in connection with the prolonged illness of a subscriber or any person actually dependent on him;

(*b*) to pay for the overseas passage for reasons of health or education of a subscriber or any person actually dependent on him.

(*c*) to pay obligatory expenses on a scale appropriate to the subscriber's status in connection with marriages, funerals or ceremonies which by his religion it is incumbent on him to perform.

Sanctioning authorities should reject an application for an advance to repay a debt incurred on account of illness or any other recognised purpose, made unreasonably long after the event to which it relates.

Advances are not rigidly confined to the objects mentioned in clauses (*a*) to (*c*) above, but may be sanctioned only for reasons no less cogent. An advance may not be granted for the purchase of a house or land, or for the erection of, or repairs to, a building, or to meet the expenses of law suits, or to repay ordinary debts, or to furnish security deposits, or to purchase motor cars or other means of conveyance, or to meet the marriage expenses of a European, Anglo-Indian or Indian-Christian subscriber or any person actually dependent on him.

List of authorities competent to grant advances under Rule 15 (3).

A Department of the Government of India.

A Department of a Provincial Government.

A Minor Local Government.

Heads of departments whose names appear in Appendix No. 14 to the Supplementary Rules, not including any authority which a Chief Commissioner may declare to be a head of a department.

Such heads of departments or a Financial Commissioner under a Provincial Government as the Local Government may authorise in this behalf from time to time.

APPENDIX B.

Extracts from the Rules regulating the General Provident Fund as corrected up to the end of July 1929.

* * * *

21. (ii) An insurance policy shall be on the subscriber's own life, in which case it is immaterial what form the policy takes, *i.e.*, it may be a life or an endowment, or double endowment policy, but it shall be such as is legally assignable to Government.

Note 1.—A guarantee policy which ensures the payment of the sum assured in the event of the policy-holder being retired by the Medical Board shall be accepted for the purposes of this rule.

A contingent annuity, which, in the event of his death, ensures a certain income to the insurer's wife or children, or both, shall also be accepted for the purposes of this rule.

Note 2.—If a policy of insurance is effected by a subscriber on his own life for the benefit of a sole beneficiary specifically named therein, a formal assignment by both the insured and the sole beneficiary shall be permissible. An assignment of a policy effected by a subscriber on his own life for the benefit of more than one beneficiary whether existent or not at the date of the policy shall not, in view of the attendant legal difficulties, be permissible under this rule.

21A. (*b*) A married subscriber to the Fund may substitute, for subscriptions to the General Provident Fund, payments towards either (i) a policy of assurance effected on his own life, if the policy, on the face of it, is for the benefit of his wife or of his children or of any or all of these, provided that, if such policy matures not at death, but after a period of years, the date of maturity shall not be earlier than the earliest date on which the subscriber may, by the terms of his service, retire; or (ii) any policy of assurance effected on his own life which he has assigned to trustees by a deed of settlement for the benefit of his wife or of his children or of any or all of these.

(*c*) A married subscriber to the Fund may substitute, or continue to substitute, as the case may be, for contributions to the General Provident Fund, payments towards a policy of assurance on his own life to which he has already been subscribing, provided that he either (i) assigns his existing policy to trustees by a deed of settlement for the benefit of his wife or of his children or of any or all of these; or (ii) converts his policy into a policy of assurance effected on his own life, but expressed on the face of it to be for the benefit of his wife or of his children or of any or all of these, provided that if such policy matures not at death, but after a period of years, the date of maturity shall not be earlier than the earliest date on which he may, by the terms of his service, retire: or (iii) converts his policy into any policy of assurance effected on his own life, and then assigns it to trustees by a deed of settlement for the benefit of his wife or of his children or of any or all of these, and provided that if he has, as a bachelor, been substituting for contributions to the Fund payment towards such policy of assurance, then such assignment, conversion or conversion and assignment, shall be effected before or within three months after his marriage.

Note 1.—If, upon the conversion of an existing policy any portion of the surrender value of such policy is not applied in effecting the new policy, such portion shall be paid or repaid to the Fund and placed to the credit of the subscriber's account.

7. In section 9 of the said Act, in clause (*c*) after the word "Committee" the words ", the Governing Body, the Advisory Board" shall be inserted.

STATEMENT OF OBJECTS AND REASONS.

Under the Indian Lac Cess Act (XXIV of 1930) a cess is levied on lac and refuse lac exported to countries outside India at the rate of four annas and two annas per maund respectively with the object of providing funds for the improvement and development of the cultivation, manufacture and marketing of Indian lac. It is now proposed to increase this cess to 7 and 5 annas per maund respectively in order to provide the Indian Lac Cess Committee with more adequate funds for these purposes. To bring the results of successful research at the Lac Research Institute to the notice of lac growers, a demonstration organisation has recently been set up by the Lac Research Institute at Ranchi which will be expanded as experience is gained. To meet the increasing competition of synthetic substitutes the Lac Cess Committee has found it necessary to extend its work on the industrial applications of Indian lac and is now financing important schemes of research and scientific intelligence amongst the lac-consuming industries in the United Kingdom and in the United States of America. A Shellac Research Bureau has been established in London which is staffed by three Indian scientists, deputed from India for the purpose, who are working in collaboration with scientific and industrial research associations in the United Kingdom. The Committee has also made a grant to the Research Bureau of the United States Shellac Importers' Association for research and propaganda work in America. As regards scientific intelligence the Special Lac Officer attached to the office of the High Commissioner keeps the Indian Lac Research Institute at Ranchi in touch with technical particulars of consumers' requirements and also provides the Indian research workers who are working for the Committee in England with up to date technical information. Up to the present these research activities on the industrial side have cost some 2½ lakhs of rupees and this amount has been met out of the Committee's accumulated reserves. But an increased regular income is necessary to carry on this work which is of vital importance to the future of lac.

The proposal for the increased cess has been accepted by the Indian Lac Cess Committee and by the Governments of the Provinces mainly concerned, *viz.*, Bengal, the United Provinces, Bihar and Orissa, the Central Provinces and Assam.

2. It is also proposed to take this opportunity to re-organise the Lac Cess Committee on the model of the Imperial Council of Agricultural Research so as to provide for a logical division of functions into general and technical and appropriate machinery for the most efficient handling of both. Under these proposals the Committee will consist of two parts—the Governing Body which will be entrusted with questions of policy and the administration and the control of the Lac Cess Funds, and the Advisory Board which will deal with the scientific and technical aspects of the Committee's work.

3. It is further proposed that, in addition to the power of control contained in section 6(2) of the Indian Lac Cess Act, 1930 (XXIV of 1930), the Governor General in Council should have explicit authority to arrange for the periodical inspection of the Lac Research Institute and of any other institution maintained at the cost of the lac cess funds.

4. It is also proposed to authorise the Committee, subject to the control of the Governor General in Council, to spend lac cess funds on patenting discoveries made by its employees, should this be found necessary.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 16th March, 1936:—

L. A. BILL No. 7 OF 1936.

A Bill further to amend the Factories Act, 1934, for a certain purpose.

WHEREAS it is expedient further to amend the Factories Act, 1934, for the purpose hereinafter appearing; It is hereby enacted as follows:— XXV of 1934.

Short title.

1. This Act may be called the Factories (Amendment) Act, 1936. XXV of 1934.

Amendment of section 5, Act XXV of 1934.

2. In section 5 of the Factories Act, 1934,—

(*a*) in sub-section (*1*),—

(*i*) for the words "premises whereon or within the precincts whereof" the words "place wherein" shall be substituted; and

(*ii*) for the words "whereon or within the precincts whereof", where they occur for the second time, the word "wherein" shall be substituted;

(*b*) in sub-section (*2*), for the words "premises or class of premises" the words "place or class of places" shall be substituted; and

(*c*) in sub-section (*3*), for the word "premises" the word "place", and for the word "thereon" the word "therein" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

Sub-section (*1*) of section 5 of the Factories Act gives Local Governments power to notify as factories premises which have ten or more persons working in them or in their precincts. But a notification so issued extends only to the premises and not to the precincts and may thus apply only to part of the work. It is arguable, moreover, that places in the open air are not premises. The proposed amendment is intended to ensure that manufacture carried on elsewhere than inside buildings can be regulated when necessary.

Section 5 of the Factories Act is reproduced below for the convenience of Members.

F. NOYCE.

NEW DELHI;

The 3rd March, 1936.

Section 5 of the Factories Act, 1934 (XXV of 1934).

Power to declare premises to be factories.

5. (*1*) Notwithstanding anything contained in clause (*j*) of section 2, the Local Government may, by notification in the local official Gazette, declare any premises whereon or within the precincts whereof a manufacturing process is carried on, whether with or without the aid of power, and whereon or within the precincts whereof, on any one day of the twelve months preceding the notification, ten or more workers were employed, to be a factory for all or any of the purposes of this Act.

(*2*) A notification under sub-section (*1*) may be made in respect of any specified premises or class of premises.

(*3*) A notification under sub-section (*1*) shall cease to have effect in respect of any premises after the lapse of twelve months during which not more than nine workers were employed thereon on any day.

CALCUTTA, THE 18TH APRIL 1936.

RESOLUTION—No. 2449L.S.-G.

Minister-in-charge: The Hon'ble Sir Bijoy Prasad Singh Roy, Kt.

Read—

Reports of the Commissioners of Divisions on the working of union boards during the year 1933-34.

During the year under review, the number of union boards rose from 4,701 to 4,738. The difference is explained by the fact that there were 25 new boards in Bakargunj, 13 in Mymensingh and 1 in Dacca while the number of union boards in each of the districts of Nadia and Noakhali was reduced by one as a result of amalgamation. The number of union boards in the other districts remained the same as in the previous year.

Franchise.—The number of voters on the union board electoral rolls rose from 2,570,800 to 2,623,633 during the year under report.

The number of members of the union boards also increased from 41,921 to 42,143.

Elections, on the whole, proceeded smoothly and satisfactorily and sometimes roused marked enthusiasm among the rate-payers. Although unhealthy party faction could not be eliminated, the election fights were, generally speaking, cleanly fought. The large number of representations received by the local officers and by Government for appointment as members of union boards indicates that membership is highly prized as a hall mark of rural prestige. The reports show that increasing interest is being taken by the rural public in these elections and there is an improvement in the quality of candidates for membership.

Finance.—The total income of union boards, excluding opening balances, rose from Rs. 88·25 lakhs to Rs. 89·84 lakhs, of which about Rs. 67·58 lakhs were realised from union rates, Rs. 2·46 lakhs as rents of chaukidari chakran lands, Rs. 1·8 lakh from pounds and ferries and Rs. 1·49 lakh and Rs. 2·93 lakhs, respectively, as grants from district boards under sections 33 and 45 of the Village Self-Government Act. Of the total amount realised as union rates, Rs. 10·71 lakhs were derived from rates imposed under section 37 (*b*) of the Act and Rs. 56·86 lakhs from the chaukidari rate as compared with Rs. 10·11 lakhs and Rs. 56·35 lakhs, respectively, of the previous year. The continued economic depression retarded progress but the

financial results show that there was no set back in their activities which in itself is a considerable achievement.

The total expenditure of union boards rose from Rs. 88·62 lakhs to Rs. 90·13 lakhs, of which Rs. 49·93 lakhs, or about 55·4 per cent. were spent on the maintenance and equipment of the village police. Out of the expenditure incurred on works of public utility during the year under review, Rs. 6·25 lakhs were spent on roads, of which Rs. 2·18 lakhs represented original works; Rs. 5·88 lakhs were spent on water-supply; Rs. 1·35 lakh on drainage and conservancy; Rs. 2·98 lakhs on education and Rs. 1·62 lakh on dispensaries. The most notable increases in expenditure on works of public utility during the year were Rs. 38,000 on water-supply, Rs. 36,000 on dispensaries and Rs. 14,000 on the repair and construction of roads while on the other hand, there was a marked decrease of Rs. 43,000 on education.

The audit notes of the Circle Officers disclosed many weak points and the usual instances of defective working in these rural institutions. Several cases of actual embezzlement of union funds by Presidents and officers of union boards came to notice and it is not unlikely that there were other similar cases which were not reported. One of the principal causes of this evil appears to lie in a strange reluctance on the part of some of the Presidents to deposit the union fund in the savings bank as required under the rules and in their habit of keeping the fund in their own custody which encourages the collectors to follow suit and make use of this money for their own purposes.

The audit notes themselves were not of uniform quality and were often found superficial and defective. The Commissioner of the Rajshahi Division took steps to impose stricter audit and introduced a system of closer examination of the audit and inspection notes.

Individual activities of union boards.—Government make a practice in this Resolution of noticing the achievements of individual union boards, though this review must necessarily be incomplete because the Commissioners' reports do not give details of the activities of the union boards in all cases.

The bulk of the income of union boards in the Burdwan, Dacca and Rajshahi Divisions, available for works of public utility, was devoted to water-supply and in a lesser degree to communications. Thirty-three union boards of the Burdwan district are specially mentioned as having spent comparatively large amounts on water-supply. In Birbhum, the union boards sank twenty-four masonry wells and twenty tube-wells while one tank was re-excavated in the Dubrajpur Circle. In Hooghly, 282 tube-wells and 15 masonry wells were sunk by the union boards with contributions received from Government and the district board, while union boards of Howrah sank 32 tube-wells, 5 ring wells and resank 17 tube-wells and are reported to have made good progress in the improvement of water-supply in rural areas. The union boards of Chittagong also spent Rs. 4,440 from their own funds on the improvement of rural water-supply while those of Tippera spent Rs. 6,551 more on water-supply than in the previous year. The agency of union boards was very largely utilised in executing water-supply projects from the Government grant, the union boards finding the necessary local contribution from their funds.

As regards anti-malarial projects and other sanitary measures, the activities of the union boards were mainly directed to the cutting of

jungles, clearing of weeds from tanks, kerosenisation of stagnant pools, clearing of drains and distribution of quinine. In Burdwan a sum of Rs. 12,083 was spent on anti-malarial works and other sanitary measures. In Birbhum, there was a somewhat unprecedented outbreak of malaria which called for special measures in all the circles and the union boards did their best to help. The formation of health associations in each thana, with the Presidents of union boards and the public health staff working in co-operation, was a special feature of the year in Bankura and is expected to produce good results in future. In Hooghly, there were 15 health circles consisting of 18 thanas while several union boards of Howrah spent a portion of the anti-malarial grant received from the district board towards the improvement of drainage in their unions.

A sum of Rs. 1,486 was spent on anti-malarial works through the agency of union boards in Chittagong under the direction of the District Health Officer. Union boards in other divisions also had in many cases the spending of Government grants under proper supervision.

The paramount need for medical aid in the rural areas caused the union boards to set aside a large proportion of their funds for the establishment and maintenance of dispensaries. Twenty-two union board dispensaries were maintained in Burdwan at a cost of Rs. 12,288; the union boards in Bankura continued to maintain 12 dispensaries while new leper clinics were started by four union boards at Dubrajpur and Alimadpur. Four new union board dispensaries were started in Hooghly, and the union boards in that district spent Rs. 25,296 on dispensaries against Rs. 17,277 in the previous year; most of the dispensaries were well equipped and are reported to have done good work and to have materially improved the health of the rural areas. The expenditure on dispensaries in Howrah also increased from Rs. 10,633 to Rs. 16,138 and the district board continued to pay Rs. 500 (including the Government grant of Rs. 250) for each dispensary under union board management. In the 24-Parganas, thirteen dispensaries were established and received suitable contributions from the district board. A number of union board dispensaries were started in the districts of Malda, Rangpur, Pabna and Jalpaiguri. To enable sufficient funds to be collected for expenditure on dispensaries, not only were subdivisional associations of union boards formed in Rangpur but also thana associations and these associations in some cases achieved remarkable success by the joint efforts of the union boards. For example, in Hatibandha, a dispensary was started as the result of the co-operation of union boards in that thana and another thana association gave training to 15 country dais with the help of the district board. The grants made by Government to the thana and village dispensaries proved especially useful. Some of the union board dispensaries might have probably had to close down but for these grants which served to give a fillip to extension of medical relief in rural areas.

The union boards in all the divisions gave attention to spread of primary education as far as funds permitted. Many maintained primary schools of their own. The Krishnadebpur union board in Burdwan continued to maintain a free primary school on a voluntary basis; the two Biss type schools established by the Baikanthapur union board and another at Atghoria also worked well. Birbhum spent Rs. 22,726 on schools; fifteen primary schools, including six girls' schools were maintained by the union boards of that district.

The scheme of free primary education had been introduced in a few union boards in the district of Khulna and a sum of Rs. 6,598 was paid to these boards for the maintenance of the scheme. The union boards of the Burdwan, Presidency, Dacca and Rajshahi Divisions spent Rs. 74,613, Rs. 53,543, Rs. 81,813 and Rs. 78,325, respectively, on primary education while those of the Chittagong Division spent Rs. 9,757 under this head.

A new enterprise in the shape of an irrigation project is reported to have been undertaken by the Rajbalhat union board in Hooghly. The Hajiganj union board in Tippera was the foremost of all the union boards of the district in respect of works of public utility as well as realisation of union rate under section 37(*b*). The Naogaon union board in Rajshahi, the Nilphamari, Saidpur and Kurigram union boards in Rangpur and the union boards of Sontala, Hili, Jaypurhat, all populous and important villages in Bogra, are specially mentioned as having made efficient conservancy arrangements. The Siliguri union board in Darjeeling also made adequate arrangements for conservancy and street lighting with petromax lamps while the lighting arrangements at Kurigram are also reported to have been satisfactory. A new form of activity, which deserves special encouragement, was the establishment of agricultural farms by some of the wealthier and more advanced union boards in Rangpur; these farms have been established with the special object of introducing fodder crops and substitute crops for jute under the guidance of the Agricultural Department. Another form of activity which was rendered possible by the formation of subdivisional associations of union boards in Rangpur, was cinema propaganda on sanitation, health, agriculture and other matters; each subdivisional union board association purchased a cinema outfit which was transported from village to village at the cost of the President of the union board concerned and useful work was done. The district board contributed Rs. 1,000 towards the scheme and made arrangements for battery charging from its laboratory.

In Bankura, co-operation meetings of Presidents and members of union boards were held in every thana twice a year and in Hooghly co-operative meetings with the police were held regularly and were increasingly attended by the Presidents. In these meetings matters connected with the control of dagis, keeping proper watch over chaukidars and dafadars, improvement in the present method of watch and ward, the necessity of formation of defence parties and matters connected with the improvement of village sanitation were discussed. The meetings produced very good results, and the relations between the police and the union boards were cordial. The value of such co-operation meetings presided over by the Subdivisional Officer whenever possible can hardly be exaggerated as affording opportunity for exchange of views and discussion of local problems affecting administration of rural areas.

Working of union benches and courts.—The following extract from the Reports of Administration of Justice, Civil and Criminal for the year, published by the High Court, will show the position in regard to benches and courts:—"The total number of union benches established and in existence was 1,348 against 1,177 in the previous year. The number of offences reported to these benches was 81,366 showing an increase of 12,766 on that of 1932. The benches are reported to be working satisfactorily and growing in popularity. They are also said to be affording appreciable relief to Magistrates in most of the districts.

The total number of union courts established was 1,179 against 999 in the previous year. The number of suits instituted in these courts was 166,026 showing an increase of 27,634 over that of 1932. Of the total number of applications under section 88 proviso of the Village Self-Government Act for disposal during the year under report, 79 cases were either dismissed or not prosecuted; in 248 cases the lower courts' orders were confirmed, in 16 modified, and in 134 reversed and 42 cases were remanded for retrial. The courts are reported generally to be viewed with appreciation by the public and to be affording some relief to the munsifs in the majority of the districts in which they are established."

It is to be regretted that one bench court had to be superseded during the year under report on account of quarrel and party faction among its members resulting in maladministration.

Relations between district boards and union boards.—The relations between the district boards and the union boards continued to be satisfactory on the whole although there is considerable room for improvement in co-operation between the district boards and the union boards especially in regard to the working of health units. In the matter of financial assistance, however, the remark made by the Commissioner of the Rajshahi Division that the district boards have not all been generous in interpreting the Government orders to the effect that a substantial portion of the augmentation grants should be paid to the union boards probably represents the attitude of most of the district boards with a few exceptions. The total amount paid by the district boards to the union boards has sustained a steady decrease from Rs. 5,12,882 in 1931-32 to Rs. 4,76,924 in 1932-33 and to Rs. 4,42,104 in the year under review. (The last sum included Rs. 1,49,276 paid to the union boards under section 33 of the Village Self-Government Act for the management of institutions and works transferred to them by district boards.) The total receipts of union boards from pounds, which practically represent a transfer of the district board revenue to union boards, also fell from Rs. 1,82,653 to Rs. 1,78,880.

The union boards of Burdwan received good support and encouragement from the district board as also did those of Bogra and Jalpaiguri. In Bankura, the hostile attitude evinced by the district board in previous years changed to one of sympathy and consideration under the tactful guidance of the official Chairman. The district boards of Jalpaiguri and Bogra made a uniform grant of Rs. 100 and Rs. 50, respectively, to each union board under section 45 and the district board of Bogra made extra grants of Rs. 100 and Rs. 50, respectively, to the union boards whose administration had been satisfactory and who had helped themselves appreciably by raising large amounts under section 37(*b*) for expenditure on works of public utility. This seems to be the correct principle according to which contributions should be made in order to encourage deserving union boards, although special needs of the boards handicapped by poverty or other causes beyond their control, should also be considered. The proportion between the grants paid by the district boards to the union boards under section 45 of the Village Self-Government Act and the rates realised by the union boards under section 37(*b*) continued to present the same extremes of variability as noticed in previous resolutions; at the one extreme the Khulna district board made grants to the extent of about 116·2 per cent. of the sum realised as union rate while at the other, the Noakhali district board made grants amounting to only about 6·2 per cent. of the receipts from

union rates in the district. At almost all conferences of union boards pointed attention is drawn to the inadequate grants by district boards and it is demanded that provision should be made for the payment of at least 50 per cent. of the augmentation grant to the union boards. A fixed percentage is outside practical consideration at present, specially in view of the financial difficulties of the district boards, but at the same time the district boards should realise that they are expected to render adequate financial assistance to union boards by making substantial contributions from the augmentation grant.

The Minister has noticed with pleasure that in certain districts periodical conferences of Presidents and members of union boards were held with the encouraging result that the objects of rural self-government were popularised and the benefit of mutual exchange of views was secured. It is also pleasing to note that there was practically no agitation against union boards and the activities of the Congress directed towards the wrecking of union boards disappeared towards the end of the year under review. The record for the year under review is one of slow but steady progress in spite of the economic depression. As the District Magistrate of Birbhum has observed, a great experiment in rural self-government is still in the crucible. But the indications in spite of many short-comings confirm the hope that with increased experience, gradually increasing powers and a wider appreciation of the necessity and scope for self-help with a view to improve all kinds of amenities of life in the village, the union boards will at no distant future come to be recognised as the first and the most essential unit of self-government.

E. J. HOGBEN,
Secretary, Board of Apprenticeship Training.

Medical College, Calcutta, 1936.

Rules for the guidance of students seeking admission into the Medical College, Calcutta.

1. Two classes of students are admitted to the college:—

(*1*) *Civil pupils' class.*—Admission to this class is restricted to students, male or female, who were born within or whose parents are domiciled within the territorial jurisdiction of the Calcutta University. Three students are also eligible for admission from the Dacca University area and three from the Dacca Intermediate Board. Students from other provinces and from Indian States for whom places have been reserved are also eligible for admission to the college.

Only students who intend to take the M. B. examination of the Calcutta University are admitted to this class.

(*2*) *Military pupils' class.*—Only European or Anglo-Indian students are admitted to this class (see separate prospectus for military pupils whose admission is regulated by the Director-General, Indian Medical Service).

NOTE.—Casual students are not admitted. No students are admitted other than those in one or other of the above classes.

2. The minimum preliminary qualification for admission is the First Class Pass certificate of the I. Sc. examination of the Calcutta University with Physics, Chemistry and Mathematics or an examination recognised as equivalent to it. This rule may be relaxed in favour of Muhammadan students and such candidates having passed the said examination in the second division may be admitted, provided they are otherwise considered suitable, to make up the number allotted for the Muhammadan students. In assessing the claims of those eligible for admission special weight will be attached to proficiency in English.

3. (*a*) Female students qualified under rules 1 and 2 will be admitted to the college, provided there is a vacancy in the Swarnamoyee Hostel in which all female students must reside. For special reasons to be recorded in writing, the Principal may allow any female student to reside outside this Hostel.

(*b*) Female students studying in the college but belonging to provinces other than Bengal and not domiciled in Bengal will pay rents for accommodation in the Swarnamoyee Hostel.

4. The session commences with the summer term which begins on the 15th June and ends on the day before the commencement of the Durga Puja holidays. The winter term commences on the day after close of the Durga Puja holidays and ends on the 31st March.

5. All applications direct from new students in Bengal for admission to the college should be accompanied by a fee of Rs. 4 which will not be refunded.

All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form, available in his office before the 25th May except in the following cases:—

(*a*) Students from other provinces for which places are reserved should apply to the Inspector-General, Civil Hospitals, of those provinces for admission within such dates as that officer may prescribe.

(*b*) The candidates from Indian States will be nominated by the States themselves.

(*c*) Students from the Dacca University area will be selected as follows:—

(*i*) Three students will be selected by the Dacca University, and

(*ii*) Three students by the Chairman of the Dacca Intermediate and Secondary Education Board.

6. The number of civil students to be admitted each year is 105. Vacancies are allotted as follows:—

Other provinces and Indian States including 1 from Nepal State	8
Dacca	6
Surgeon-General's nominees	5
Women	5
Muhammadan	21
Others	60

Preference for admission will usually be given to candidates who have superior qualifications, but the final selection lies entirely with the Selection Committee appointed by Government.

(*a*) Besides the students nominated by the Indian States under rule 5 (*b*), one student will be nominated by the Inspector-General of Civil Hospitals, Central Provinces, six students (including one female student) by the Inspector-General, Civil Hospitals, Assam, and six by the authorities mentioned in rule 5 (*c*).

These students must possess the qualifications mentioned in rule 2 and the nomination must reach the Principal, Medical College, Calcutta, before the 10th June each year, failing which the vacancies will be filled with local candidates. Vacancies arising by resignation or otherwise in places filled by reservation for the authorities in paragraph (*a*) cannot be filled again by those authorities during the year.

(*b*) Five seats shall be reserved annually for nomination by the Surgeon-General provided the candidates possess the necessary physical qualifications and at least a 2nd class pass certificate of the I.Sc. examination of the Calcutta University with the subjects mentioned in rule 2 or of an examination recognised as equivalent to it. These nominations shall ordinarily be made after the Selection Committee have made their choice under clause (*c*).

(*c*) The remaining vacancies shall be filled up by the Selection Committee specially appointed by Government from year to year. This Selection Committee will be the authority to select candidates belonging to Bengal.

(*d*) Every student selected by the Selection Committee for admission shall be examined medically in the Medical College, have his health card filled up and be passed fit before his fees are accepted, provided that if it is proposed to reject any student on the ground of his being medically unfit as a result of such examination, such decision shall not take effect unless it is sanctioned by the majority of votes of the members of the medical profession on the Selection Committee.

(*e*) Any candidate who has—

(*i*) endeavoured to enlist for his candidature the support of persons of influence or of Government officials,

(*ii*) personally canvassed any member of the Selection Committee or on whose behalf anyone else has canvassed any such member,

(*iii*) produced any letter of recommendation other than certificates from teachers or testimonials from persons under whom he has actually been employed,

shall be held to be disqualified for admission into the Medical College.

7. Of the total number of candidates nominated by the Selection Committee at least one-fourth should be Muhammadans, if a suitable number of qualified candidates belonging to that community can be obtained.

8. Selected candidates must pay the following fees within the time prescribed by the Principal, failing which their names will be struck off the rolls:—

	Rs.
Admission fee	25

Athletic Club fees	4
Caution money for Laboratory Practice ...	10
Total ...	139

(*a*) A student who without leave absents himself from the College or his hostel for more than one month, shall be removed from the rolls of the College, if the College Council so recommend. No refund of fees paid can be claimed in such cases.

Fees other than caution money once paid cannot be refunded except to those whose claim for refund is tenable under rule 17. The levy, accounting and disposal of caution money will be governed by the rules prescribed under Government order No. 1689Medl., dated the 24th May 1932.

9. Forms of application for admission will be issued from the 15th April and received up to the 25th May every year.

11. All civil students admitted after 1925-26 will pay Rs. 200 in two instalments, viz., Rs. 100 for the summer term and Rs. 100 for the winter term. They must also pay the annual Athletic Club fee of Rs. 4 (with the exception of female students) and any caution money due for attendance at practical classes along with the fees for their summer term. Fees once paid cannot be refunded except those whose claim for the refund is tenable under rule 17.

12. The fees for each term are to be paid in one instalment. The fees for the summer term are due (except from new students) on the 15th June and those for the winter term on the 1st November and must be paid together with athletic club fees, on those dates or on such later dates as the Principal may direct, after which a daily fine of annas four will be levied along with the fees on each defaulter. The names of students whose fees are more than 30 days overdue will be removed from the rolls of the college.

(*a*) A student detailed to hospital duty who overstays the authorised vacation leave without the permission of the Principal will be liable to pay a fine of Rs. 2 only for each day of overstay.

13. A student kept back in, or referred back to the class in which he was previously studying on account of his failure to appear at or pass any examination prescribed for promotion to the next higher class, will pay Rs. 50 each term until he passes the examination in question, after which he will pay fees on the full scale laid down in rule 11.

14. The fee for certificates issued to civil students leaving the college before completing their study shall be Rs. 40 for each course of lectures and practical classes and Rs. 30 for every three months of hospital practice.

[In calculating the sum to be paid under this rule the amount of college fees paid by the student (or in the case of a student enjoying a stipendiary scholarship and free tuition the amount of which would have been paid by him had he been a paying student) shall be deducted.]

15. Students who fail to appear at or to pass the Final M. B. Examination shall immediately on readmission after failure, pay fees each term at the rate of Rs. 25 for each of the subjects in which they are to appear at the subsequent examination.

STATEMENT OF OBJECTS AND REASONS.

The object of the Bill is to give effect to certain amendments which it is proposed to make in the First Schedule to the Indian Tariff Act, 1934.

2. *Staple fibre.*—In paragraph 87 of its Report on the Woollen Textile Industry, the Tariff Board has recommended that staple fibre be admitted free as other raw materials or should not at any rate pay a higher duty than foreign cotton. The Indian Central Cotton Committee and the Industrial Intelligence and Research Bureau are considering the possibilities of manufacturing staple fibre from short staple cotton grown in India. But until staple fibre can be produced on a commercial scale in India it is considered desirable to encourage the development by the Indian mills of the technique of spinning and weaving this new material by a reasonable reduction in the import duty leviable on it. Under Article 11 read with Schedule G of the Ottawa Trade Agreement, imports from the United Kingdom of artificial silk manufactures other than yarn, piece-goods, and thread for sewing are entitled to a preference of 10 per cent. It is accordingly proposed that the existing duty of 25 per cent. *ad valorem* be reduced as follows:—

On imports from the United Kingdom ..	5 per cent. *ad valorem* or 6 pies per lb., whichever is higher.
On imports from other countries	15 per cent. *ad valorem* or 1 anna per lb., whichever is higher.

The minimum specific duties correspond very closely in their *ad valorem* incidence to the alternative *ad valorem* duties.

3. *Fents.*—There have been widespread complaints that the existing concessional rate of import duty on fents of non-British manufacture has called into existence an import trade in spurious fents which constitutes a threat to the scheme for the protection of the cotton textile industry. Import statistics tend to show that the complaints are well-founded, and it is proposed to remove that threat by raising the duty on fents of non-British origin to the same rates as is applicable to the fabrics of which

they are composed and at the same time reducing the permissible length of artificial silk fents, the imports of which particularly have been stimulated by concessional treatment.

4. *Cotton knitted apparel.*—The Bill also seeks to give effect to the recommendation contained in paragraph 134 of the Report of the Tariff Board on the Woollen Textile Industry, namely, that the protective duty now applicable to cotton knitted hosiery should be extended to all cotton knitted apparel.

5. *Spun silk yarn.*—When the protective duties on raw silk and silk manufactures were originally imposed, it was thought that spun silk yarn being a product of waste silk was not in effective competition with Indian silk. The statistics of imports over the past two years have shown that the competitive value of spun silk was underestimated. It is proposed therefore to make spun silk yarn subject to the same rate of duty as pure silk yarn.

Pages 180-182—F. R. Appendix 3.—Substitute the following *for* rule 21 in F. R. Appendix 3 of the Bengal Financial Rules:—

21. Municipal rates and taxes—I. Incidence and payment of taxes on buildings other than residential.

(*a*) As a general rule, municipal rates and taxes on non-residential buildings paid by, or passed on to, a department, occupying the whole or part of the building is charged to contingencies of the department concerned. Where, however, the whole or part of the tax is paid by the Public Works Department or by any other department in administrative control of the building, the payments may be charged to the maintenance estimate of the buildings concerned.

(*b*) Taxes on non-residential buildings if paid by department nominated by Government in this behalf and not passed on to the occupying departments are charged to "47—Miscellaneous—Rents, Rates and Taxes."

(*c*) If the building is in the occupation of a single department, the taxes should be paid by that department.

(*d*) If the building is in the occupation of more than one department, or if the taxes are payable in a lump sum for a number of buildings in a municipal area, the taxes may be paid, in the first instance, by any one department nominated in this behalf by Government. When one of the several departments occupying a building or buildings assessed to lump sum taxes is a commercial department, a portion of the taxes calculated *pro rata*, in proportion to the accommodation actually occupied by each of the several departments, should be passed on to the commercial department concerned. The balance thereafter remaining, if it relates to a single non-commercial department occupying the rest of the building, should be passed on to that department; if it relates to more than one non-commercial department, it should not be passed on.

Note 1.—Before payment is made by a department which is not in occupation of the entire building concerned or if payment cannot be delayed, as soon after payment as possible, an acceptance should be obtained from every department which is in occupation of any portion of it.

Note 2.—No municipal taxes are payable on public buildings situated in cantonments.

II. Incidence and payment of taxes on buildings occupied as residences.

(*a*) Taxes on residential buildings if payable by Government, whether the buildings are under the administrative control of the Public Works Department or any other department, are charged to the maintenance estimates of the buildings concerned.

Note.—In cases where the whole or any portion of the taxes, which, by local rule or custom, are ordinarily leviable from the tenant, is paid by a department other than the department in administrative control of the building, the charge may be treated as contingent expenditure of the paying department.

(*b*) Except as provided in the note below this rule, taxes which are, by local rule or custom, ordinarily leviable from tenants should be paid, in respect of the term of his occupancy, by the occupant of the building, even though he be entitled to rent-free quarters.

Note.—If in any case it has been decided by competent authority that the whole or any portion of the taxes should be borne by Government and not by the occupant of the building, the whole tax should be paid in the first instance by the department in administrative control of the building, and the portion, if any, payable by the occupant should then be recovered from him.

Decision of competent authority (local Government).

(*i*) Officers on a pay not exceeding Rs. 150 per mensem.—The local Government exempt from the payment of the occupier's share of municipal taxes (whether the amount is based upon the rental or on the actual amount of service rendered) or from the payment of municipal taxes which are payable by Government in respect of the residence not being in the nature of house or property tax all officers occupying Government residences whose pay does not exceed Rs. 150 per mensem.

N.B.—In these cases the occupier's taxes or taxes payable by Government in respect of the residence not being of the nature of house or property tax will be paid by the heads of offices concerned.

(*ii*) Officers other than those mentioned in (*i*) above who occupy Government residences within the Calcutta and Howrah municipal area.—The local Government reduce the amount of taxes based on the rental value of the house and payable by the occupier to an amount equivalent to 1 per cent. of the officer's pay. In these cases the occupier's taxes will be paid in the first instance by the head of the department or head of office concerned and the amount payable by the occupier under this rule will be recovered monthly from the occupier by deduction from his pay. The heads of departments or the heads of offices concerned will be responsible for seeing that these recoveries are regularly and correctly made.

N.B.—(1) Where the taxes are less than 1 per cent. of the officer's pay the actual taxes should be recovered.

N.B.—(2) The exemption in (*ii*) above does not apply to charges which are levied, not on the basis of rental, but as payment for a definite amount of service rendered, *e.g.*, quantity of water or electric current supplied. Charges of the latter nature must be borne by the tenant, unless specifically exempted therefrom by orders of Government.

(*iii*) All officers not included in (*i*) and (*ii*) above, who occupy Government residences, are liable to pay the entire amount of the municipal taxes payable by Government in respect of the residence not being of the nature of house or property taxes, *i.e.*, occupier's share of municipal taxes which were before the passing of the Bengal Municipal Act, 1932, payable by them to the municipalities under the Bengal Municipal Act of 1884. The detailed instructions for the payment of these taxes, consequent on the passing of the Bengal Municipal Act, 1932, will be found in Appendix 3-A.

N.B.—(1) The local Government have from time to time exempted certain officers from the payment of the occupier's share of the taxes on residences which they are compelled to occupy solely for the proper performance of their duties. These exemptions will remain in force so long as these officers occupy the posts, or exactly similar posts to which the exemptions at present apply.

N.B.—(2) If the residence occupied by an officer falling under (*ii*) and (*iii*) above forms part of a building which is partly used as a residence and partly as an office and the like, and if the residential portion is not separately assessed to taxes, the total taxes payable by the occupier shall be apportioned between the portion occupied by the officer as residence and the portion occupied as office or the like, by the head of the department concerned in consultation with the Public Works Department and the Accountant-General, Bengal.

(*iv*) The following procedure will be followed by departments responsible for the recovery of taxes in (*ii*) above:—

(A) Each head of a department or head of an office will maintain a register in P.W.A. Form 49. The word "rents" in the heading will be changed to "taxes" and for the column showing "standard rent" will be substituted a column showing the occupier's share of taxes as assessed on the building.

(B) Recoveries will be made by monthly deductions from the pay bills of the officers concerned. The head of the department or the head of the office will, before the close of each month, send a statement in duplicate in P.W.A. Form 48 (the heading of which will be changed to "Statement of taxes recoverable from pay bills") to the Accountant-General, Bengal, or the Treasury Officer concerned, who will make necessary recoveries and return one copy of the statement duly completed.

N.B.—(1) Treasury Officers will recover the amounts specified without prior reference to the tenants.

N.B.—(2) If the pay of an officer falling under paragraph (*ii*) above be changed retrospectively the amount of taxes payable will also be changed retrospectively.

(*c*) Taxes which are, by local rule or custom, not leviable from tenants should be paid by the department in administrative control of the building, the portion representing taxes in the nature of property or house tax being treated as part of the cost of maintenance of such building and the rest, if any, being recovered from the occupants concerned.

III.—Method of payment.

Payment of taxes by Government departments to local funds may be paid in cash or by book transfer as may be decided by the principal auditor in consultation with the local Government.

IV. Certificate to accompany payment.

(*a*) Charges for municipal taxes in respect of buildings which are borne on the books of the Public Works Department should be supported by a certificate from the Public Works Divisional Officer concerned in which he states either that he accepts the assessment, or if he considers any assessment to be excessive, that all means have been or are being taken to secure its reduction. In respect of other Government buildings, the certificate should be given by the departmental officer concerned.

(*b*) If an assessment appears to be excessive, proceedings should be taken to obtain redress under the ordinary municipal law.

Recourse to the special provisions of Act XI of 1881 (the Municipal Taxation Act) may, however, be had when it has been found impossible to effect an amicable, though possibly arbitrary settlement with the local authority of a case in which the property to be assessed is, from its nature, such as not to admit of the application of ordinary principles in assessing the payment thereon of any particular tax. An example would be a case in which, whereas the assessment should be on the letting value, the property is of such a nature that it is difficult to conceive of its being let or impossible to form an estimate of the rent which would be obtained if Government offered to let it.

Page 183.—Insert the following as F. R. Appendix 3A:—

Instructions regarding payment of "occupier's share" of municipal taxes consequent on the passing of the Bengal Municipal Act, 1932, which provides that all taxes on holdings are payable by the owner of the holding.

The following instructions should be followed wherever the above Act applies, namely, in all municipal areas except the following:—

(1) Calcutta.

(2) Howrah.

(3) Darjeeling district.

(4) Chittagong Hill Tracts.

A. Non-residential buildings owned by Government.

These fall into two classes—

(1) those borne on the books of the Public Works Department, and

(2) those borne on the books of other departments.

In the former case the Public Works Department has paid the "owner's share" and the occupying department has paid the "occupier's share." This arrangement should be continued in consultation with the municipalities, who will, it is presumed, experience no difficulty in continuing to present two bills. In the latter case both the "owner's" and "occupier's" share have hitherto been paid by the occupying department. This arrangement will continue.

B. Residential buildings owned by Government.

These similarly fall into two classes—

(1) those borne on the books of the Public Works Department, and

(2) those borne on the books of other departments; but both are sub-divided into (*a*) those whose occupants are charged rent, and (*b*) those whose occupants are not charged rent.

I. Residences on the books of the Public Works Department whose occupants are charged rent.—The Public Works Department has hitherto paid the "owner's share", and recovered rent from the occupant. It will henceforth pay both shares of the tax, and recover both rent and the "occupier's share" from the occupant.

II. Residences on the books of the Public Works Department whose occupants are not charged rent.—The Public Works Department has hitherto paid the "owner's share" and the administrative department in which the officer is serving has paid the "occupier's share" when the occupying Government servant has been a person exempted from the payment of the "occupier's share," *e.g.*, a person on a pay not exceeding Rs. 150 per mensem. The Public Works Department will continue to pay the "owner's share", and the administrative department will in future pay the "occupier's share" in all cases, recovering the "occupier's share" from Government servants not exempted from liability to pay that tax, *e.g.*, those whose pay exceeds Rs. 150 per mensem.

III. Residences on the books of other departments whose occupants are charged rent.—The administrative department has hitherto recovered the rent from the officer, paid the "owner's share" of the tax and paid the "occupier's share" of the tax in the case of exempted officers. It will in future pay the "owner's" and the "occupier's" share in all cases, recover rent as heretofore and recover the "occupier's share" in the case of non-exempted officers.

IV. Residences on the books of other departments whose occupants are not charged rent.—The administrative department has hitherto paid the "owner's share" of the tax and paid the "occupier's share" in the case of exempted officers. It will in future pay both shares of the tax in all cases and recover the "occupier's share" in the case of non-exempted officers.

C. Method of recovery.

The method of recovery of "occupier's share" of tax from non-exempted officers will be the same as the method of recovery of rent from rent-paying officers, namely, by monthly deductions from pay bills. The duty of the Executive Engineer in cases in which it is stated that the Public Works Department will recover the tax, and of the head of department or head of office in the other cases, will be as follows:—

(1) He will maintain a register in P. W. Account Form 49. The word "rent" in the heading will be changed to "taxes" and for the column showing standard rent will be substituted a column showing "occupier's share" of the municipal taxes assessed on the building.

(2) He will, before the close of each month, send to the Treasury Officer concerned a statement in duplicate in P. W. Account Form 48 (the heading of which will be changed to "Statement of taxes recoverable from pay bills") and also send an extract of the statement to each of the drawing officers concerned, who should deduct the requisite amount from the pay bills. The Treasury Officer will see that the recovery is made and will return one copy of the statement duly completed to the officer from whom he received it.

D. Buildings leased by Government.

In cases in which the "occupier's share" of the tax has hitherto been paid not by the landlord but by Government or the occupying Government servant, it should be arranged that the "occupier's share" is henceforth paid to the landlord by Government, the municipality billing the landlord for the tax; and in the case of residences the recovery of the tax from occupants who are not in the exempted category should be made in the manner provided above for Government-owned residences.

E. Classification of expenditure.

Payments on account of municipal taxes are to be debited as contingent charges of the paying department.

F. Credit of recoveries.

Recoveries made by the Public Works Department, *i.e.*, at the instance of Executive Engineers, should be credited to the head "XXX—Civil Works". Recoveries made by other departments, *i.e.*, at the instance of heads of administrative departments and heads of offices, should be credited to the corresponding receipts head of their budget.

Three students are also eligible for admission from the Dacca University area and three from the Dacca Intermediate Board. Students from other provinces and from Indian States for whom places have been reserved are also eligible for admission to the college.

Only students who intend to take the M. B. examination of the Calcutta University are admitted to this class.

(*2*) *Military pupils' class.*—Only European or Anglo-Indian students are admitted to this class (see separate prospectus for military pupils whose admission is regulated by the Director-General, Indian Medical Service).

2. The minimum preliminary qualification for admission is the First Class Pass certificate of the I. Sc. examination of the Calcutta University with Physics, Chemistry and Mathematics or an examination recognised as equivalent to it. This rule may be relaxed in favour of Muhammadan students and such candidates having passed the said examination in the second division may be admitted, provided they are otherwise considered suitable, to make up the number allotted for the Muhammadan students. In assessing the claims of those eligible for admission special weight will be attached to proficiency in English.

3. (*a*) Female students qualified under rules 1 and 2 will be admitted to the college, provided there is a vacancy in the Swarnamoyee Hostel in which all female students must reside. For special reasons to be recorded in writing, the Principal may allow any female student to reside outside this Hostel.

(*b*) Female students studying in the college but belonging to provinces other than Bengal and not domiciled in Bengal will pay rents for accommodation in the Swarnamoyee Hostel.

Calcutta University.

Senate House, the 30th April 1936.

Submission of Text-books for Matriculation Examination under Revised Regulations.

Enquiries are being received on various points arising out of the University's notification, dated the 4th April 1936, on the subject of submission of text-books for the Matriculation Examination under the New Regulations. The following decisions of the University, it is expected, will clarify the situation and enable intending authors to submit their books to the University with the least inconvenience either to themselves or to the University. It may be noted here that although the University's notification was issued about a month ago, the new syllabuses have been before the public since August 1935; they were published in the *Calcutta Gazette* on 1st August 1935.

The University is anxious to hold the first Matriculation Examination under the New Regulations in 1940. Many of the subjects, it appears, are taught in schools in accordance with the requirements of the University in classes IX and X. In the lower classes the same subjects are taught on a comparatively lower standard and text-books for those classes are not as a rule prescribed or recommended by the University. These subjects will therefore be taught in schools in classes IX and X in 1938 and 1939, respectively, for the Matriculation Examination to be held in 1940. There are, however, two subjects which it is felt, should be taught from at least class VIII; they are Mathematics and Elementary Scientific Knowledge. With regard to these two subjects, books should be approved by the University before the end of this year. The dates of submission already prescribed and announced will therefore hold good for Mathematics (barring Algebra written in Bengali) and Elementary Scientific Knowledge. It may be noted here that Elementary Scientific Knowledge will remain an optional subject for three years beginning from the year in which the first Matriculation Examination will be held. Accordingly, it is not expected that a large number of schools will find it necessary or possible to take up the teaching of this subject immediately. But there will be some schools which will arrange for such teaching and every effort should be made to prescribe books on this subject before the end of this year.

Books on Public Administration in India should be made up to date and include the new constitution. This will be in addition to what is contained in the syllabus.

As regards all other subjects, the last date for submission of books is extended to 31st March 1937. Books on Mathematics (barring Algebra written in Bengali) and on Elementary Scientific Knowledge, if received between 1st November 1936 and 31st March 1937 will be considered for the examination to be held in 1941.

The question of the University prescribing books which will be inconsistent with the list as already approved by the Education Department till December 1937 will not seriously arise. Elementary Scientific Knowledge is a new subject and no books according to the syllabus as prescribed by the University are now to be found on the list. As regards Mathematics, individual authors, who desire that their books already appearing in the departmental list should also be included in the University's list may submit their books to the University for such inclusion and the University will give the matter its full consideration. This is subject to what has been stated above regarding Algebra written in Bengali. The departmental list however does not include any book on Algebra written in Bengali.

The general indication of the number of pages which books on the more important subjects are likely to cover as also their approximate prices is given below. Numerous enquiries have been received on this point and this information will be helpful:—

Name of the subject.	Approximate number of pages.	Approximate price.
Elementary Scientific Knowledge.	200 to 250	Re. 1-12 to Rs. 2.
Geography ..	150 to 200	Re. 1-8.
Hygiene ..	200	Re. 1-8.
History { India 300 / England 200 }	Total	Rs. 2.

Books are to be printed in types not smaller than small pica on unglazed paper in double crown 16mo. forms. The quality of paper should be at least 32 lbs. for books on mathematics and Scientific subjects and 28 lbs. for books on other subjects. A pamphlet containing the instructions of the University regarding the mode of spelling of Bengali words will be available at 2 annas per copy. These instructions should be followed by intending authors. Regarding the Paribhasik terms, a pamphlet containing mathematical terms will be available at 4 annas per copy. Arrangements have been made for enabling intending authors to copy out at the University Paribhasik terms in other subjects with the previous permission of the Registrar between the hours of 1 p.m. and 5 p.m. on any day excepting a Sunday or a holiday.

The University trusts that the arrangements outlined above will be found helpful and convenient and the parties concerned will cooperate with the University in introducing the New Regulations in a manner which will be considered generally satisfactory.

"230A. (*1*) Where any part of the property of a company which is being wound up consists of land of any tenure burdened with onerous covenants, of shares or stock in companies, of unprofitable contracts or of any other property that is unsaleable, or not readily saleable, by reason of its binding the possessor thereof to the performance of any onerous act, or to the payment of any sum of money, the liquidator of the company, notwithstanding that he had endeavoured to sell or has taken possession of the property, or exercised any act of ownership in relation thereto, may, with the leave of the Court and subject to the provisions of this section, by writing signed by him, at any time within twelve months after the commencement of the winding up or such extended period as may be allowed by the Court, disclaim the property:

Provided that, where any such property has not come to the knowledge of the liquidator within one month after the commencement of the winding up, the power under this section of disclaiming the property may be exercised at any time within twelve months after he has become aware thereof or such extended period as may be allowed by the Court.

(*2*) The disclaimer shall operate to determine, as from the date of disclaimer, the rights, interest and liabilities of the company, and the property of the company, in or in respect of the property disclaimed, but shall not, except so far as is necessary for the purpose of releasing the company and the property of the company from liability, affect the rights or liabilities of any other person.

(*3*) The Court, before or on granting leave to disclaim, may require such notices to be given to persons interested, and impose such terms as a condition of granting leave, and make such other order in the matter as the Court thinks just.

(*4*) The liquidator shall not be entitled to disclaim any property under this section in any case where an application in writing has been made to him by any persons interested in the property requiring him to decide whether he will or will not disclaim, and the liquidator has not, within a period of twenty-eight days after the receipt of the application or such further period as may be allowed by the Court, given notice to the applicant that he intends to apply to the Court for leave to disclaim, and in the case of a contract, if the liquidator, after such an application as aforesaid, does not within the said period or further period disclaim the contract, the company shall be deemed to have adopted it.

(*5*) The Court may, on the application of any person who is, as against the liquidator, entitled to the benefit or subject to the burden of a contract made with the company, make an order rescinding the contract on such terms as to payment by or to either party of damages for the non-performance of the contract, or otherwise as the Court thinks just, and any damages payable under the order to any such person may be proved by him as a debt in the winding up.

(*6*) The Court may, on an application by any person who either claims any interest in any disclaimed property or is under any liability not discharged by this Act in respect of any disclaimed property and on hearing any such persons as it thinks fit, make an order for the vesting of the property in or the delivery of the property to any persons entitled thereto, or to whom it may seem just that the property should be delivered by

way of compensation for such liability as aforesaid, or a trustee for him, and on such terms as the Court thinks just, and on any such vesting order being made, the property comprised therein shall vest accordingly in the person therein named in that behalf without any conveyance or assignment for the purpose:

Provided that, where the property disclaimed is of a leasehold nature, the Court shall not make a vesting order in favour of any person claiming under the company whether as under-lessee or as mortgagee by demise, including a chargee by way of legal mortgage, except upon the terms of making that person—

(*a*) subject to the same liabilities and obligations as those to which the company was subject under the lease in respect of the property at the commencement of the winding up; or

(*b*) if the Court thinks fit, subject only to the same liabilities and obligations as if the lease had been assigned to that person at that date;

STATEMENT OF OBJECTS AND REASONS.

For some considerable time Government has had under consideration the overhaul of the law relating to companies.

2. Substantial material has accumulated in the form of communications and suggestions from Local Governments, public bodies and individuals, supplemented by publications in the press, indicating unanimity of opinion that the Indian Companies Act requires fairly extensive changes. The opinions received disclose a demand for power to deal with mushroom and fraudulent companies, for changes in the provisions relating to the issue and contents of prospectuses, for increased disclosure to shareholders of the financial position of companies and for increased rights to shareholders in connection with the management of companies, for modification of the present law applicable to managing agents, for changes in the provisions applicable to winding up, for special provisions to govern banking companies and for numerous other improvements.

3. The Indian Companies Act, 1913, was based on the English Companies Consolidation Act of 1908 and followed generally the provisions of that Act. Its revision in order to overtake subsequent developments in the law is overdue.

4 The English Act of 1908 was examined by a committee presided over by Lord Wrenbury in 1918, and again by a committee presided over by Mr. Greene, K.C., in 1926. The latter committee made extensive recommendations many of which were subsequently incorporated with or without modification in the Companies Consolidation Act, 1929. The guidance afforded by that Act is now available in the task of revising the company law of British India.

5. In September, 1934, the Government of India placed a lawyer with experience in the administration of company law on special duty to examine the material collected and to make proposals for the amendment of the Indian law. Those proposals were further discussed by a small committee of business experts specially convened for the purpose. Out of these proposals and discussions there have crystallized the amendments now proposed.

6. The revision of the law in England took the form of a consolidating Act which completely replaced the Act of 1908. This course has not been followed here. The arrangement adopted in the new English Act has attracted unfavourable criticism to an extent which does not encourage its adoption, and there are manifest advantages in retaining the form of the existing Indian Act with the administration of which the Courts are now familiar, even though the additions to it by this Bill are extensive.

7. In the amendments proposed, the lines followed in the overhaul of the English law have in accordance with the policy followed in the past been adopted in the amendments now proposed where the problems dealt with are problems common to India and England. India has however problems peculiar to itself, for example, those connected with the managing agency system.

8. The special provisions relating to banking companies have been included because there is no immediate prospect of legislation dealing solely with this subject being undertaken. The recommendations of the Central Banking Enquiry Committee have been carefully considered in drafting these provisions.

NEW DELHI,

The 4th March, 1936.

NOTES ON CLAUSES.

Clause 2.—The introduction of certain new terms in the Act has rendered further definitions necessary. The revised definition of "private company" follows the definition in section 26 of the English Act.

Clause 3 provides the sanction for enforcing observance of the provisions of section 4.

Clause 4 applies to a memorandum the requirements laid down by section 9 of the English Act for articles.

Clause 5.—The alteration made is suggested by the wording of section 17 of the English Act.

Clause 6.—In certain decisions it has been doubted whether in the absence of express provision in the memorandum a company is competent to alter its objects so as to enable it to perform the acts here referred to. Section 5 of the English Act makes express provision for this purpose and has been adopted by this clause.

Clause 7.—It is desired to make generally applicable certain provisions usually made by the articles of properly managed companies as to polls, absence of restrictions on form of proxies, retirement of directors by rotation, inspection of accounts, details shown in profit and loss accounts and the giving of notice to members. This clause makes the adoption of the model regulations on this subject contained in Table A compulsory.

Clause 8.—The amendment limits, on the lines of section 22 of the English Act, the liability of a member of a company under alterations made in the memorandum after he has become a member of the company.

Clause 9 follows section 24 of the English Act in providing that the memorandum should show all changes made therein.

Clause 10 follows section 18 of the English Act in limiting the exemptions now enjoyed by certain associations formed not for profit.

Clause 11 follows section 96 of the English Act in requiring an index of the names of members of a company in certain cases.

Clause 12.—Sub-section (*1*) of section 32 does not clearly show when the first list of members is to be prepared if a company is incorporated towards the end of a year. The words "first or only ordinary general meeting" have also given rise to confusion. The amendment is designed to remove this uncertainty and confusion.

Clause 13.—The Act does not lay down the procedure for the transfer of shares and this is generally provided for in the articles of the company. Undue restrictions upon transfers and undue delay in registering transfers are not uncommon. The section now introduced while leaving a discretion with the directors to refuse transfer requires for a transfer application either by the transferor or the transferee, notice by the transferee in the case of an application by the transferor, the use of the proper instrument of transfer required by the company in the case of an application by the transferee, and notice within a limited time to a proposed transferee. It also prescribes the time limit within which an objection by a transferee may be made or a refusal to register a transfer must be communicated.

Clause 14.—Under the English law it is a misfeasance on the part of directors knowingly to allot shares to an infant, while shares held by an infant by an order of Court and shares held by a lunatic can only be transferred pursuant to an order in lunacy. The proposed new section aims at preventing such person from coming into possession of shares.

Clause 15 follows the English Act, section 98, sub-section (*2*), in laying down a time limit within which a requirement by a member must be complied with.

Clause 16 provides a time limit for a rectification of the register of members ordered by the Court.

Clause 17.—The issue of bearer share warrants is not compatible with the provision contained in new section 2(*1*)(13)(*a*). Section 43 should not, therefore, apply to private companies.

Clause 18.—The Act at present allows alteration of capital to be effected by the directors and requires only an alteration involving sub-division of shares to be made in general meeting. One consequence is that the registrar's office has no record of alterations of capital made by directors. This clause brings the law into accord with section 50 of the English Act.

Clauses 19 and 20.—The utilisation of the funds of a company in the purchase of its own shares has the result of reducing its capital and is prohibited by sub-section (*1*) of section 55. The prohibition is circumvented in some cases by advancing money out of the company's funds to nominees who acquire the shares. The proposed section 54A follows section 45 of the English Act in forbidding this subterfuge. Sub-section (*1*) of existing section 55 is transferred to the new section now introduced.

Clause 21.—The new section introduced reproduces section 61 of the English Act.

Clause 22.—The existing section of the Act does not lay down any time within which the registered office is to be set up or notice of its situation or any change of its situation is to be given. This clause adopts section 92 of the English Act.

Clause 23.—Compare section 112 of the English Act and clause 12 of this Bill.

Clause 24.—The new section follows generally the lines of section 113 of the English Act. It extends the obligation to hold a statutory general meeting to all companies having a share capital. "Ten days" has been substituted for "seven days" as the period for which the report is to be in the hands of members under sub-section (*2*), and further requirements have been added by clauses (*f*) and (*g*) of sub-section (*3*). Provision has also beeen introduced authorising certification of the report by the chairman of the directors.

Clause 25.—Compare section 114, sub-section (1), of the English Act.

Clause 26.—The new section is based on section 115 of the English Act, but whereas that section allows of its provisions being overridden by the provisions made in the articles of the company, the section here makes certain provisions such as those governing the notice to be given for special resolution, the manner of service of notices, the number of members entitled to demand a poll and the form of proxy instruments incapable of variation.

Clause 27 amends section 81 of the Act on the lines of section 117 of the English Act, that is to say, it abolishes the necessity for the confirmation of a special resolution by a second general meeting, but requires 21 days' notice to be given of the meeting at which the special resolution is passed.

Clause 28.—The object of this amendment is to secure the correctness of the records preserved in the registrar's office.

Clause 29 follows section 121 of the English Act.

Clause 30 increases the minimum number of directors of a company.

Clause 31.—This amendment is intended to secure greater independence to the directors by limiting the number of nominated or *ex-officio* directors.

Clause 32.—The first amendment slightly widens the application of the section, the second makes it applicable to companies which have no separate articles of association of their own but adopt Table A; the third renders it inapplicable to companies which began as private companies.

Clause 33.—The clause introduces certain new sections for the control of directors. Section 86A reproduces section 142 of the English Act. Section 86B follows section 151 of the English Act in controlling the practice of directors assigning their responsibilities. Section 86C follows section 152 of the English Act. Section 86D prohibits or limits the making of loans to directors and provides that any loans made shall be disclosed in the balance-sheet, the form of which as laid down in the Third Schedule has been correspondingly amended by clause 100. Section 86E prevents directors from holding offices of profit under the company while section 86F disqualifies them from acting as trustees for debenture holders. Section 86G follows section 148 of the English Act in requiring directors' remuneration to be disclosed. Section 86H and section 86I include in the Act provision for removal of or vacation of office by directors instead of leaving these matters to be provided for in the articles by some such regulations as regulation 86 and regulation 77 of Table A.

Clause 34.—The substituted section 87 follows section 144 of the English Act. It provides that the register of directors and managers shall be kept corrected and shall be open to inspection.

Clause 35.—This clause introduces a series of new sections dealing with managing agents. Section 87A limits the terms for which they may be appointed and may continue to act without re-appointment. Section 87B provides for their removal, controls the transfer of office by them, prohibits assignment of their remuneration and gives the company certain powers of control over them. Section 87C lays down the method by which the remuneration of managing agents shall be fixed in companies other than insurance companies. Section 87D makes provision in respect of managing agents, similar to that made by new section 86D in respect of directors, for controlling loans by the company to its managing agents. Section 87E controls the making of loans between companies under the same management. Sections 87F, 87G and 87H introduce further provisions for control of managing agents.

Clause 36 inserts a time limit within which the information required by section 91C is to be given to members of a company.

Clause 37 provides that copies of contracts by agents of the company in which the company is an undisclosed principal shall be sent to the directors and auditors in advance.

Clause 38 provides for the disclosure in the prospectus of a company of certain details, indicated in the amendments contained in the clause, which have not hitherto been required to be so disclosed.

Clause 39 inserts a penalty for the issue of a prospectus which fails to comply with the provisions of section 93.

Clause 40 introduces section 38 of the English Act by which a document containing an offer of shares is to be deemed a prospectus.

Clause 41 introduces the provisions of section 39 of the English Act and is aimed at discouraging flotation of companies with insufficient capital.

Clause 42.—The amendment excludes forfeited shares subsequently re-issued from the purview of the section.

Clause 43.—The amendment is consequential.

Clause 44 inserts section 47 and section 46 of the English Act.

Clause 45.—Under the existing provisions of the Act a charge or mortgage created over movable property of the company other than book debts or the uncalled share capital need not be registered. The first amendment requires such charges or mortgages to be registered with certain qualifications. The second amendment is designed to affect transferees with notice as from the date of registration.

Clause 46 inserts section 81 of the English Act.

Clause 47 provides for the registration of charges when modified.

Clause 48 inserts the provisions of section 308 of the English Act.

Clauses 49, 50 and 51.—Section 121 of the Act as it stands empowers the registrar on proof of satisfaction of a mortgage or charge to record the satisfaction in the register. It is not, however, obligatory on a company or the mortgagee to have such satisfaction recorded, and the records of the registrar may accordingly remain incomplete. The amendments made by these clauses remedy this defect.

Clause 52.—It has been doubted whether the provisions of section 123 apply to floating charges in view of the fact that such charges do not affect property until the charges are crystallized. The amendment makes the intention of the section clear.

Clause 53 substitutes section 122 of the English Act for the existing section.

Clause 54 introduces the substance of sub-section (1) of section 123 of the English Act and makes the section applicable to all companies.

Clause 55 inserts the provisions contained in sub-section (2) of section 123 of the English Act regarding the report by the directors.

Clause 56 introduces a provision requiring disclosure in the profit and loss account, now made compulsory by clause 54, of certain information of importance to shareholders.

Clause 57 adopts the provisions of section 126 of the English Act.

Clause 58 applies the penalty provided by sub-section (*4*) of section 131 of the existing Act to defaults under that section and sections 132 and 132A.

Clause 59.—The amendment is consequential.

Clause 60.—The first amendment provides for intervention by the Court to secure production of documents for the information of the registrar; the second extends the powers of the registrar and makes the section applicable to documents required by a liquidator.

Clause 61 introduces provisions based on section 136 of the English Act.

Clause 62 provides *inter alia* for charging the expenses of an investigation undertaken in consequence of a report by the registrar to the company itself.

Clause 63 supplements the duties of auditors and gives them power of attending meetings to explain the accounts.

Clause 64 gives the trustees for debenture-holders the right to receive and inspect the balance-sheets and auditors' reports.

Clause 65 allows stay of suits while a compromise or arrangement between a company and its creditors is pending.

Clause 66 inserts sections 154 and 155 of the English Act dealing with arrangements and reconstructions.

Clause 67 substitutes a section in the terms of section 27 of the English Act for the existing section.

Clause 68 amends the provisions relating to the manner of serving on a company a demand for payment of debts.

Clause 69 gives power to the registrar to apply for the winding up of a company and defines the circumstances in which the power may be exercised.

Clause 70 provides that notice of a Court's order for winding up shall be sent to the official receiver.

Clause 71.—Under the existing law it is only after a winding up order has been made that proceedings against a company are stayed. The amendment follows the English Act in providing that the appointment of a provisional liquidator should operate as a stay.

Clause 72.—Inconvenience has been experienced through the office of official liquidator remaining vacant after a winding up order has been made. This clause is designed to secure that a public official shall automatically become the liquidator until some other person is appointed by the Court and can undertake the work.

Clause 73.—Under section 172, as it stands, the duty of filing with the registrar a copy of the winding up order is laid on the company. It is now laid on the petitioner.

Clauses 74, 75 and 77 are consequential on clause 71.

Clause 76 inserts sections 181 and 182 of the English Act.

Clause 78.—The new section 178A is based on section 199 of the English Act.

Clause 79.—The sub-sections added to section 182 reproduce section 195 of the English Act.

Clauses 80 and 81.—The amendments are consequential.

Clause 82 substitutes for 13 sections of the existing Act dealing with the winding up of companies the provisions of sections 230 to 255 of the English Act. New section 215E, corresponding to section 253 of the English Act, has however been slightly expanded.

Clause 83.—It is equitable that compensation payable under the Workmen's Compensation Act should not be treated as an ordinary debt provable in the winding up but should have priority. This view is taken in England. The expenses of an investigation held in pursuance of clause (iv) of section 138 are now charged to the company, *vide* clause 62.

Clause 84 inserts section 267 of the English Act which gives a liquidator power, corresponding to that of a trustee in bankruptcy, to disclaim land burdened with covenants, unprofitable contracts and property which is unsaleable.

Clause 85.—The existing section has been construed as not covering sales held after the winding up. The amendment is designed to forbid such sale.

Clause 86.—Sub-section (*3*) of the existing section by applying to an application under the section the limitation imposed on a suit allows delinquent directors in many cases to evade their civil liabilities. The amendment allows three years for the making of an application dating from the first appointment of a liquidator.

Clause 87 substitutes the more adequate provisions of section 277 of the English Act for existing section 237.

Clause 88 follows section 271 of the English Act in providing for the punishment of offences antecedent to or in the course of a winding up.

Clause 89 provides that the interim report of the liquidator shall be submitted to the Court or the registrar, as the case may be, but that a copy should in any case be given to the registrar and defines the times when the report shall be made. The form, and the particulars to be contained in these statements are prescribed by the High Courts, which have followed rules 193 to 195 of the English Companies (Winding Up) Rules, and have prescribed a form similar to the English Form 92 drawn up under those Rules.

Clause 90 inserts a section based on section 194 of the English Act requiring the liquidator to lodge moneys received during a winding up in the Imperial Bank and prohibiting him from paying any such moneys into his private accounts.

Clause 91 rectifies an omission in the rule making powers of High Courts.

Clause 92 reproduces section 135 of the English Act dealing with the enforcement of the duty of a company to submit returns and documents to the registrar.

Clause 93 inserts the provisions contained in section 338(2) of the English Act providing for the winding up of companies incorporated outside British India.

Clause 94 inserts the provisions of section 347 of the English Act and requires the balance-sheets of companies incorporated outside British India to comply with the same requirements as those of companies registered in British India.

Clause 95.—New sections 277A and 277B reproduce sections 354 and 355 of the English Act and regulate the issue of prospectuses on behalf of companies incorporated outside British India. Sections 277C and 277D follow section 90 of the English Act in making applicable to such companies the provisions of the Act which relate to registration of charges and registration of the appointment of a receiver.

Clause 96 inserts a new Part containing special provisions applicable to banking companies. Section 277E defines what a "banking company" is. Section 277F restricts the activities of such companies to ordinary banking transactions. Section 277G forbids for the future the employment of managing agents. Section 277H ensures adequate working capital before business is commenced. Sections 277I and 277J require, respectively, a reserve fund and an adequate cash reserved to be maintained. Section 277K gives effect to the recommendations of the Central Banking Enquiry Committee that provision should be made for a moratorium to save from liquidation a banking company in temporary difficulties.

Clause 97 introduces a new section penalising misapplication of the property of a company by an officer or employee and a section designed to prevent misuse of securities lodged with a company by its employees under their contracts of service, and to safeguard provident funds.

Clause 98 makes amendments in certain of the model regulations in Table A which under the amendment made by clause 7 must be adopted by all companies.

Clause 99 substitutes for the existing form of a statement in lieu of prospectus the form now contained in the English Act.

Clause 100 incorporates in the form of balance-sheet the additional particulars which are considered necessary in order that the balance-sheet shall fully disclose the position of the company's affairs.

The following Bill* was introduced in the Legislative Assembly on the 8th April, 1936:—

L. A. BILL No. 11 OF 1936.

A Bill further to amend the Indian Tariff Act, 1934, for certain purposes.

WHEREAS it is expedient further to amend the Indian Tariff Act, 1934, for the purposes hereinafter appearing; It is hereby enacted as follows:— XXXII of 1934.

Short title. **1.** This Act may be called the Indian Tariff (Second Amendment) Act, 1936.

Amendment of First Schedule, Act XXXII of 1934. **2.** In the First Schedule to the Indian Tariff Act, 1934— XXXII of 1934.

(*a*) for Items Nos. 10 (1) and 10 (2), the following items shall be substituted, namely:—

"10 (1)	WHEAT	Protective	Re. 1 per cwt.	..	..	March 31st, 1937.
10 (2)	BROKEN RICE.	Protective	Twelve annas per Indian maund of 82 2/7 lbs. avoirdupois weight.	..	..	March 31st, 1937."

and

(*b*) for Item No. 11 (1) the following item shall be substituted, namely:—

"11 (1)	WHEAT FLOUR.	Protective	Re. 1 per cwt.	..	..	March 31st, 1937."

It is hereby declared that it is expedient in the public interest that the provisions of clause 2 of this Bill shall have immediate effect under the Provisional Collection of Taxes Act, 1931. XVI of 1931.

STATEMENT OF OBJECTS AND REASONS.

Since the passing of the Indian Tariff (Amendment) Act, 1935, the Government of India have maintained a careful watch on the position of rice and wheat in India and other world markets. They are satisfied that in the interests of the Indian rice grower the existing duty of twelve annas per maund on broken rice should continue for a further period of one year. As regards wheat, they have come to the conclusion that the continuance of the operation of the import duty for another year is essential in the interests of the Indian wheat grower. The statistical position, however, has shown further improvement and it is consequently proposed to continue the import duty on wheat and wheat flour at a reduced rate of Re. 1 per cwt. for another year.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill* was introduced in the Legislative Assembly on the 8th April, 1936:—

L. A. BILL NO. 12 OF 1936.

A Bill further to extend the operation of the Salt (Additional Import Duty) Act, 1931.

WHEREAS it is expedient further to extend the operation of the Salt (Additional Import Duty) Act, 1931; It is hereby enacted as follows:— XIV of 1931.

Short title.

1. This Act may be called the Salt Additional Import Duty (Extending) Act, 1936.

Amendment of section 1, Act XIV of 1931.

2. In sub-section (*3*) of section 1 of the Salt (Additional Import Duty) Act, 1931 (hereinafter referred to as the said Act), for the figures "1936" the figures "1938" shall be substituted. XIV of 1931.

Amendment of section 3, Act XIV of 1931.

3. In sub-section (*1*) of section 3 of the said Act, for the word "two" the word "one" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to continue the Salt (Additional Import Duty) Act, 1931, for two more years, subject to a reduction of the rate of duty to 1½ annas.

2. This reduction is a continuation of the process which was begun in 1933, when the rate of duty was lowered from 4½ annas to 2½ annas. It is considered that this step can be taken without detriment to the indigenous producers of salt particularly in the absence—temporary though it may possibly be—of competition from Italian sources.

3. The Indian salt industry has complained that it has been unduly handicapped by the uncertainty created by the practice, hitherto followed, of renewing the Act only on a year to year basis. On this occasion, it is proposed to meet this complaint to some extent by making the reduced duty last for at any rate two years instead of the usual one.

4. It is not proposed that the buying-in price should be further reduced at present. There is reason to believe that the competition between Indian sources is now keen enough to provide reasonable security against the exaction of unduly high profits from the consumer particularly in view of the reduction of duty now proposed; while, on the other hand, recent experience has shown that there may be quite legitimate advances of price in Calcutta owing to changes in freight rates.

STATEMENT OF OBJECTS AND REASONS.

Recent events and inquiries have indicated the urgent need of taking further measures to ensure safety in coal mines, more particularly in respect of danger from fires. The proposals in the Bill which are explained in the Notes on Clauses are designed to secure this end.

F. NOYCE.

NEW DELHI;

NOTES ON CLAUSES.

Clause 2 seeks to enlarge the powers at present vested in the Inspector to issue orders applicable to individual mines where danger is apprehended. Any orders made under this section by an Inspector will be subject to appeal to the Chief Inspector and in all cases the right of appeal to a Committee is provided. The powers are granted temporarily and can be limited to particular areas. It is intended that the whole question of danger from fires in mines should be subjected to expert examination before the period of two years expires.

Clause 3 seeks to enlarge in certain respects the power, vested in the Governor General in Council, to make regulations for safety purposes.

Clause 4 is designed to secure that central rescue stations will be established where they are required.

Clause 5 is designed to enable safety regulations to be made promptly when necessary. Under the present law, not only is previous publication necessary in all cases, but such publication can only be made after the draft has been referred to all the Mining Boards concerned and they have had the opportunity of expressing their views. It is proposed that regulations so made shall be of a temporary character. They will normally be superseded by regulations made in the ordinary way.
